Hon^{ble} House to consider the
vote of the Hon^{ble} House upon
the Gov^r message & the Gov^r
letter has been to report
the following answer
H. B. Hall by order

The Board have taken into consideration the message from the Hon^{ble}
House of the 24th ultimo with a copy of his Excellency's message to the

to his Excellency, by him communicated to the honourable House —
And ~~And for~~ ^{thereupon} would observe, that altho they are ever ready
upon all proper occasions, to assert & maintain their charter
rights: yet they apprehend, it is not for the honour of the Board
to give their opinion, either upon the Governor's message or the
Lieut^{Gov} Governor's letter, neither of them being directed to the Board,
and ^{more especially in the beginning of a} as the honourable House have thought proper to enter upon
the consideration of the Lieut^{Gov} Governor's right, & to determine upon
it without consulting the Board —

~~Had the honourable House passed any resolve
relative to the right of a Lieut^{Gov} Governor sitting at the Board &
sent it up for concurrence, the Board could then with propriety~~

~~have acted upon it:~~ ^{therein} ~~he~~ should his Honour insist upon
his right to sit in Council: The Board will then take his
claim under consideration & determine the point by the
Charter which is the only rule in this case
